teach  
UP

TeachUp's innovative  
and engaging bilingual  
online courses will keep  
your students safe and  
your staff compliant.

# KEEPING CHILDREN SAFE

TeachUp's online safeguarding and child protection for Indonesia training ensures that all stakeholders establish safe ways of working with children in order to minimise the risk of harm.

Available in English and Bahasa Indonesia, our online child safeguarding courses combine best practices from around the world with Indonesian laws and culture. Through our innovative instructional design and real-life scenario-based assessments, learners are engaged, and knowledge is more easily retained, speeding up time to competency.

## STAFF MANAGEMENT

TeachUp's eLearning portal makes staff management easy. With a custom-branded homepage and personalised dashboard, staff can easily manage their learning.

Learner progress can be tracked by senior leaders and HR, and all course certificates can be downloaded to ensure compliance and accreditation requirements.

# Introduction to Safeguarding and Child Protection Indonesia

**Level 1 introductory course developed for staff new to safeguarding including support workers, transport staff, security guards and volunteers.**

Everyone who works with children is responsible for their safety, including those outside the classroom.

That's why we developed our introduction to safeguarding and child protection course for support staff and all other individuals who work with children.

Available in English and Bahasa Indonesia, this course features TeachUp's innovative scenario-based instructional design ensuring learners are engaged, speeding up time to competency.

Staff at all levels can benefit from TeachUp's essential safeguarding and child protection course. From administrators and catering staff to maintenance workers, security guards and transport staff, this necessary training will ensure your students and staff remain protected. This course is also recommended for volunteers and visitors.

### Learning outcomes:

1. To understand the key features of child protection and safeguarding, and who is responsible for this
2. To discover the four types of child maltreatment, the main warning signs, and the effects that maltreatment can have on children
3. To learn how to create safe and supportive environments for children through safeguarding best practice
4. To understand safeguarding policies and procedures that are available to support staff to make a disclosure of concern

# Safeguarding and Child Protection Indonesia

**Level 2 advanced course developed for teaching assistants, teachers, safeguarding leads, principals, HR and governors.**

Our advanced course is your comprehensive guide to safeguarding and child protection. In this course, you will learn the differences between child safeguarding and child protection, key information about abuse and neglect, and how to protect children and yourself from potential risks.

The course will also cover safeguarding best practice, professional conduct and how to identify, monitor and respond appropriately to child safety concerns according to Thai law.

Staff at all levels can benefit from TeachUp's advanced safeguarding and child protection course. This course is suitable for teaching assistants, teachers, school leaders, office administrators, HR, governors and non-school educators.

This course is also recommended for external providers, volunteers, and visitors.

### Learning outcomes:

1. To understand the key features of child protection and safeguarding, and who is responsible for this
2. To discover the four types of child maltreatment, the main warning signs, and the effects that maltreatment can have on children
3. To learn how to create safe and supportive environments for children through safeguarding best practice
4. To understand the protocols for reporting safeguarding concerns and maintaining accurate, confidential records

# Role of the Safeguarding Lead

## Level 2 guide to the role and responsibilities of the Designated Safeguarding Lead or Child Protection Officer.

This comprehensive online course is designed for teachers and school staff stepping into the critical role of Designated Safeguarding Lead (DSL). The course provides the in-depth knowledge and practical skills needed to effectively protect and support the welfare of children and young people within educational settings.

Delivered through interactive modules, real-world scenarios, and up-to-date legislation, this training ensures that DSLs are fully equipped to handle safeguarding concerns with confidence and professionalism.

Whether you're new to the role or seeking to refresh your knowledge, this course is designed to empower you with the confidence and competence to be an effective Designated Safeguarding Lead in your school.

### Learning outcomes:

1. To understand the key role and responsibilities required of the DSL
2. To learn how to develop and implement safeguarding policies and procedures
3. To learn how to create safe and supportive environments for children through safeguarding best practice
4. To collaborate effectively with external agencies such as social services, law enforcement, and health professionals to protect children.

## Safer Recruitment

**Level 1 course designed to support hiring managers recruit safely for jobs in the education sector.**

Safer recruitment is one of the most important aspects of staff management. The effects of even one incident of safer recruitment failure can be devastating.

Staff recruitment and selection should be conducted in a professional, timely, and responsive manner, in compliance with current employment laws, as well as relevant safeguarding legislation and statutory guidance.

To ensure safer recruitment, staff and volunteers hired to work with children must have been thoroughly screened to prevent any harm from occurring.

This safer recruitment course is recommended for HR staff, school leaders, school board members and anyone else involved in the hiring process.

This necessary training will ensure you avoid safer recruitment failures and your students and staff remain protected.

### Learning outcomes:

1. To recognise the importance of safer recruitment and understand your legal responsibilities in safer recruitment
2. To plan and execute a safer recruitment strategy
3. To understand the importance of vetting candidates and sourcing reliable references
4. To continue to implement safer recruitment measures after hiring

# Child Safeguarding for Sport and Recreation

**Level 2 course for sports coaches, external providers and anyone working with children in a recreational setting.**

Sports and recreation organisations have a duty of care to ensure all children and young people participating in activities are safe and have a positive experience. This includes all those who come into contact with children, such as coaches, managers, officials and volunteers.

During this course, you will learn about child abuse and neglect, how to protect children from harm, professional conduct, and how to identify, monitor, and respond appropriately to child safety concerns.

Staff at all levels can benefit from TeachUp's safeguarding for sport and recreation course. This course is recommended for anyone who comes into contact with children including coaches, paid staff, management, camp counsellors, sports officials and volunteers.

### Learning outcomes:

1. To understand the key features of child protection and safeguarding, and who is responsible for this
2. To discover the four types of child maltreatment, the main warning signs, and the effects that maltreatment can have on children
3. To learn how to create safe and supportive environments for children through safeguarding best practice
4. To understand safeguarding policies and procedures that are available to support staff to make a disclosure of concern

**Level 1 course for teachers, coaches and all other staff supervising children during an overnight stay.**

Overnight stays during school trips or at camps provide valuable learning and personal growth opportunities for students, but they also present unique challenges for teachers.

This course prepares educators to effectively manage overnight stays, ensuring the safety, wellbeing, and emotional security of students in these settings.

Teachers will gain the skills necessary to conduct thorough risk assessments, implement emergency protocols, and support student wellbeing throughout the duration of the trip or camp.

By the end of the course, educators will feel confident in their ability to handle logistical, safety, and pastoral care concerns while creating a positive, enriching experience for all students.

# Child Safeguarding in Boarding Schools

**Level 1 course for teachers, housemasters/housemistresses, or other residential staff in a boarding setting.**

Child safeguarding in a boarding school environment requires a specialised, multi-faceted approach that addresses the unique challenges of living away from home. In addition to managing students' academic and social development, boarding staff must ensure the emotional and physical safety of each student, creating an environment where their wellbeing is a top priority.

Focusing on the complexities of pastoral care in a boarding setting and the critical duties of staff, this course provides educators with both the theoretical foundation and hands-on tools to foster a safe, supportive, and inclusive environment.

By addressing issues such as bullying, student mental health, peer relationships, and the intricacies of supervision and duty of care, this course ensures that boarding staff are fully prepared to handle the diverse needs of students and protect them from harm.

## Learning outcomes:

1. To recognise the signs of mental health issues such as anxiety, depression, homesickness, and stress, and learn how to provide the appropriate support
2. To balance discipline with pastoral support, how to manage student behaviour, and how to build positive, respectful relationships with students
3. To ensure that all students, regardless of background, gender, or ability, feel welcomed and valued in the boarding environment

## Online Safety

**Level 1 course developed for teaching assistants, teachers, safeguarding leads, and principals.**

In today's digital world, children and young people are increasingly connected online, making it essential to understand the risks and benefits of their online interactions. This course is designed to equip you with the knowledge and skills needed to navigate the complex online environment and keep children safe.

Throughout this course, you will develop a deep understanding of how children use the internet and technology, the emerging online harms, and the specific dangers related to sex, relationships, and sexual abuse online. You will learn about the risks children may face, from harmful content to online radicalization and extremism, as well as the challenges of online bullying and the sharing of personal content, including nudes.

Additionally, the course will guide you in supporting parents and carers, ensuring they are informed and prepared to protect their children online.

### Learning outcomes:

1. To understand the positive and negative effects of the online world on children and young people
2. To identify how children and young people communicate and interact online
3. To recognise the key risks and harms that children and young people may face online
4. To access and provide advice and support to better protect children and support parents and carers in keeping children safer online

# Revisiting safeguarding and child protection

**Level 2 comprehensive revision guide for those who have previously completed safeguarding training.**

Designed for those who have already completed safeguarding training, this course tests your understanding of current safeguarding best practice. Using our signature scenario-based instructional design, you will review how to identify, monitor, and respond to child safety concerns.

### Learning outcomes:

1. To revisit the key features of child protection and safeguarding, and who is responsible for this
2. To revisit the four types of child maltreatment, the main warning signs, and the effects that maltreatment can have on children
3. To revisit how to create safe and supportive environments for children through safeguarding best practice
4. To revisit safeguarding policies and procedures that are available to support staff to make a disclosure of concern

Participants will complete a final assessment to evaluate their understanding of the course material. A minimum score of 70% is required to pass and receive the course completion certificate.

Staff at all levels can benefit from TeachUp's safeguarding and child protection refresher course. From administrators and catering staff to maintenance workers, security guards and transport staff, this necessary training will ensure your students and staff remain protected. This course is also recommended for volunteers and visitors.

# A Parent's Guide to Safeguarding

**Our Parent's Guide to Safeguarding aims to establish a shared understanding of child safeguarding policies, practices, and procedures at your child's school.**

This introductory guide developed especially for parents and caregivers highlights the importance of safeguarding and child protection policies and procedures at your child's school.

You will learn why the school implements these practices and how you can effectively collaborate and communicate with the teachers and staff to ensure the safety of all children.

Your whole family will benefit from this essential video guide to safeguarding and child protection.

Available in multiple languages with a downloadable factsheet, parents and caregivers can feel secure knowing their children are safe.

### Learning outcomes:

1. To understand the key features of child protection and safeguarding, and who is responsible for this
2. To discover the four types of child maltreatment, the main warning signs, and the effects that maltreatment can have on children
3. To learn why the school implements safeguarding practices, policies and procedures
4. To understand how they can support their child's school in order to keep children safe.

# Testimonials

I honestly liked the format. I've been in education for 30 years, and this was one of the most efficient, clear safeguarding courses I've taken.

**- Elizabeth**

**Western Academy Beijing, China**

It was an amazing and highly beneficial course.

**- Injie**

**Schutz American, Egypt**

Learning about affluent neglect. It was something I've witnessed before but didn't have the vocabulary to communicate.

**- Emma**

**ProEd Global School, Indonesia**

Content is well presented, thought provoking, does not shy away from tackling important issues with clear, direct focus, and UI/UX is clearly based on sound adult learning principles.

**- Mona**

**Canadian International School, Singapore**

Thorough, simple, to the point, easy to understand, dynamic.

**- Ajia**

**Humanitree, Mexico**

This course was very beneficial for me as an Early Years teacher. It improved my communication skills by giving me examples of how to communicate and build trust with my students. It demonstrated knowledge of risk factors, and helped me gain an understanding of how different types of harm can negatively impact children's development.

**- Amira**

**Schutz American, Egypt**
